

*Project: The Claunch Residence*

*Location: Palm Beach Gardens, Florida*

*Challenge(s): Peace of mind during hurricane season while maintaining a real wood shake look.*

*Solution: DECRA Shake XD® provided the protection from the elements, yet kept the wood shake look.*

*Profile: Shake XD® in Pinnacle Grey*

**DECRA®**  
Stone Coated Steel Roofing Systems

## Durable Shake Alternative

### **This testimonial is from Jerry and Sandy Claunch:**

I wish I had the words that would describe how Sandy and I feel about our new roof. Awesome is too over used and does not describe our satisfaction even close. We are so very pleased with our home now that we have the Decra Shake XD® installed. It is absolutely beautiful.

I was walking our dog, Little Bit this morning and a neighbor came out and said our new roof is the talk of the community. They said everyone was so impressed with the look and the speed at which it was installed.

I really wanted the cedar shake look, but wanted a more durable roof. I took the attached picture yesterday. The home in the foreground is my neighbor who has a weathered cedar shake roof, my home is in the background. They are identical in color, but our roof is beautiful. I think this photo says a lot about Shake XD®. You keep the look, but upgrade the quality and life of your home.

In my opinion, the stone covered metal roof such as Shake XD® gives such a “peace of mind” that is non-existent with other roofing materials in an area where hurricanes will hit. One of our neighbors said, “I am coming to your house when the next hurricane approaches.”

Most of the people we know who have had roofs replaced tell us how much of a nightmare it was. Not so with Stan, Derek, Bill and Kevin. To be honest, I felt bad yesterday because the roofing came to a completion. I feel we have made some friends and hope we can all keep in contact

somehow. I feel so fortunate to have found DECRA and Legacy you guys are incredible (well beyond awesome). I don't know how to thank you all enough. Any time you are having a rough day, I want you to remember the Claunch roof and how very, very pleased we are with your work, effort and time you spent here.

Whenever anyone wants a reference about your product or work, give my name and phone number, and if they are truly interested, you will get the sale. Just make sure they have more than a few minutes to talk to me, because I will go “on and on” about you guys and your companies.

Thank you all for what you have done for us.

*Jerry & Sandy Claunch*
